RE: Sale of the "Ray and Speaky Hicks" Farm/Estate  
Andalusia, AL

Facing the dissolution of a family farm that anchored two generations, is an anxious and disconcerting juncture. Contemplating the absolute auction required to finance the comfort and care for our 87 year old mother was terrifying! Granger, Thagard and Associates, Inc., however, must be commended in their absolute professional handling of the marketing campaign through the actual auction. Bill and Jack led us through every stage and even lent the reassurance required to jump through the inevitable hoops that can sometimes arise. Without reserve, we can commend their services to anyone. They are efficient and effective communicators to the sellers and evangelistic motivators for the buyers! I regard their actions on our behalf to have been extremely attentive, thorough, and poised Their years of experience and reputation in this niche market are likely unequaled.

Without Reserve(!),
