To Whom it may Concern,

Our company had attempted to sell 2 buildings and a lot in Fairfield for well over a year. My realtor suggested I contact Granger, Thagard & Associates to discuss the possibilities of taking my property to auction. From the initial meeting with Jack Granger and Bill Crow until the day of the auction there were no surprises and they demonstrated the knowledge and professionalism we needed in order to sell this property.

We would highly recommend using them and our company will use them again in the future should the need arise.

James J Clayton
